**MOHAWK ULTISSIMO  
TIRE** ...Tom McCahill did

"Whatever you want in a tire—performance, safety, long mileage—this tire has it in spades!" says Tom McCahill, famous automotive authority and writer.

McCahill put the Ultissimo through its paces at the Utica, Michigan Test Track and Proving Grounds...from high speed driving to panic stops...from cornering to wet weather traction.

He reports that the Ultissimo is: "True as an arrow...no side sway or crabbing at high speeds.

"Corners beautifully, and the new continental shoulder holds the road like a leech.

"New tread design with 1400 gripping edges sweeps the water away for straight line stops in wet weather."

Why don't you do as McCahill did? Come in and prove it to yourself. Test drive America's newest, most exciting tire...the Ultissimo by Mohawk.

## Rocks make it 2 in row over BHS

St. Stanislaus' nine made it two out of two over Bay High Tuesday with seven runs on ten hits to the Tigers' four runs and four hits. Earlier in Bay High's season opener Stanislaus took the measure of the Gulf Coast Conference leader.

In the fourth after Waymon Carr walked and Dusty Rhodes doubled Juan Dedanous hit the game's lone homer. Other Stanislaus scorers came in the second, third and sixth.

In the second with one out Ned Heath walked and Curtis Matherne, Jr., George Anderson, Jr., and Ray Chiniche followed with singles for two runs. Phil Warner's single in the fourth scored Dedanous after the latter had walked and stolen second. Warner scored the final

run in the sixth when he walked, stole second and scored on an error.

Bay High scored one run in the third and again in the fourth without a hit and two runs in the fifth on three singles and a passed ball.

Matherne went the route for the winners, striking out 10, walking eight and giving up four hits. Earl Fayard started for the Tigers but after Dedanous' fourth inning homer was replaced by Mike Strong. Fayard gave up eight hits, struck out six and walked four. Strong gave up two hits, struck out four and walked three.

lane construction on U.S. 90 and State Rt. 43 west of Bay St. Louis to link the scenic coast route with the new interstate.

"Our plans have been worked out with local leaders after years of study. The facilities now proposed will tie in with development throughout this area of Mississippi," Smith said.

Hearings are held to acquaint local people with proposed highway plans, and to afford an opportunity for questions or statements by interested persons. After the hearing, engineers may proceed with development of detailed plans and other steps leading to actual construction of the highway.

## Hounds beat Bay High 9

A 5-1 loss to Ocean Springs Friday night here dropped Bay High from a tie for the lead in District Eight baseball. The Tigers, however, still lead the Gulf Coast Conference.

Bay High's lone score came in the first when Dick Watts singled, reached second on an error, and came home when Leslie Blaize was safe at first on an error. Mike Strong went the route for the Tigers.

## Burge-Heitzmann vows spoken at 1st Baptist

The marriage of Miss Anna Mae Heitzmann, daughter of Mr. and Mrs. Owen Heitzmann of Ballentine Street, to Melvin M. Burge, son of Mr. and Mrs. Richard Burge of deMott Avenue, was solemnized at 6:30 p.m. Friday at First Baptist Church. Rev. Emory Green, pastor, performed the double ring ceremony.

The couple had as their only attendants Mr. and Mrs. Roger Davis, brother-in-law and sister of the bride.

A reception followed at the Davis home on Blue Meadow Road.

After a brief honeymoon the couple is now residing on Carroll Avenue.

Both the bride and groom attended Bay High School. He is now employed by Davis Masoury.

We're bursting with pride over the boss's nationwide television recognition. . . Huntley and/or Brinkley mentioned one of his recent editorials on their very popular newscasts last week.

Battlers of the Bulge appears destined for success. . . over 20 have already registered for the course which will probably begin the first Wednesday in June. . . Everyone we know is already dieting so they won't be too chubby to go to reducing school.

## Trip to Texas, etc.

Josie and Bob Haynes had a wonderful time while on vacation—They drove to Houston where Josie's daughter, Marietta Schwartz, boarded a plane for Dallas where she was bridesmaid for Martha Ann Curtis whose marriage to Kenneth Sewell was solemnized at Perkins' Chapel on the SMU campus on April 25. Martha and her parents, Mr. and Mrs. G. W. Curtis, spend much time in their Clermont Harbor summer home; in fact the honeymooners were there until May 5 when they left for Miami, Nassau and Jamaica. Back to the ranch where we left Josie and Bob in Houston! They then went on to Corpus Christi where they met Mr. and Mrs. W. R. Crippen who accompanied them into Mexico where they did just about everything there was to do and saw all the sights. They returned through La Nasa and met Marietta back in Houston where they waited 35 minutes while her plane circled the airport as the weather was too foul to land (Sunday, April 26, remember!)—she finally reached terra firma and they made it safely home, despite miserable driving conditions, and found a lake in their front yard. . . but nevertheless, they had a ball!

## Gripe corner

We go through this every year, but hope we're doing it early enough to avert any tragedies. . . two warnings. . . first please, if you must allow your children to walk along the seawall, instruct them never, never to walk on the concrete railing. . . we've seen too many tots tumble almost under the wheels of cars, and we want to repeat no diving off either the seawall or any piers except the end of the Bay municipal one. . . the water is much too shallow everywhere else and several who are paralyzed for life will vouch for this just in case anyone has any doubts!

Good news for mothers of boys who'll inevitably have 'nothing to do' a couple of days after school is out. Coaches' day camp to be held at St. Stanislaus for boys from six to 16, will offer just about every sport imaginable. There will be supervised pool swim-

ing, football, basketball, baseball, hand ball, etc. For further information see ad on the sports page of this week's Echo. And, there's hope for parents of girls too. . . a similar camp is planned for the fair sex next summer!

Meg Batteford is another proud mamma. . . son Frankie received his Paratrooper wings in ceremonies at Fort Benning, Ga. last week. Frankie's first jump from a distance of 12 hundred feet took place on his initial airplane flight!

## Mayhaw time

It's Mayhaw time again and one of the most enthusiastic Mayhawers, Mary Catherine Moran put up umpteen jars of delicious jelly Sunday. In case anyone else is as ignorant as your reporter, Mayhaws are tiny, red, apple-like fruit that ripen most appropriately in May!

(Cont. on Page 3-B.)

## The age of the shift

So much for that. . . and back to the above mentioned shift. So popular is this deceptive style at present we are almost afraid to name anyone on the stork's list until we hear the flapping of his wings! However the Lee Kleins are expecting their fourth and Margie and Sidney Wood are hoping this will be their long hoped for son.

Jean and Vlad Fucich got their wish when their fourth was a little girl, Cheryl Ann, born Sunday, April 24, at Hancock General weighing in at an even eight pounds.

We'll send Stel and Bill Johnston an extra special happy silver anniversary greeting. They celebrate 25 years of marital bliss next Wednesday, May 13. (Aside to Bill: You should know never to start anything on the 13th, sport!)

Our monkey reporter wasn't the victim of hallucinations, nor had he partaken of one martini too many. . . there was a monkey loose in Middletown. . . and still is for all we know. The small animal was the pet of newcomers, Mr. and Mrs. Jackson who live on St. Joseph Street. If anyone finds a strange monkey leaping among his trees, please call HO7-5047.

Beverly and John Binigar have as their guest at present Beverly's most attractive mother, Mary Turnbull of Borden, Neb.

Always looking for a bright spot, we finally found someone who can smile after the recent washouts. . . Jessie Breland, Tiger Carver and others in the hauling business are working overtime.

## Smeloise advises

We're grateful to Lee Ferrell for this week's really useful tip. The other day we were laboriously digging holes with a trowel and placing runners of St. Augustine grass in each little hole and then covering the holes. Lee informed that was the hard way and proceeded to demonstrate with a shovel the proper planting method which we'll pass on to any of our bare lawn readers. Just cut the soil with one corner of the shovel, while the blade holds the dirt up in a hunk, shove the roots in the opening, remove the shovel, step on the little mound, and that's all there is to it!

## Dog doings

Get well wishes are in order for Edna and Claude Yarbrough's pup. He's recuperating from leptospirosis.

Mrs. E. M. Brignac is driving the biggest, newest, shiniest automobile in town. . . it really isn't shinier or bigger than Doc Ramsey's new model, but it is a couple of weeks newer!

Boonzie Wolfe gets a belated happy birthday wish. . . she cut her cake last Friday, May 2.

Almost everyone who has small children is nursing either measles, mumps or chickenpox. Harriett and Alice Lynch are just about over the measles. . . now Louise is hoping the baby doesn't come down with it.

Gerri Blanchard is driving around in a brand new champagne colored convertible. . . an early Mother's day gift from husband Sam.

Molly and Dave Casey weekend at their Lakeshore Drive home, 'Mudville'.

The travelling Capdepons 'Cap' and Henry are off again. They left Tuesday for San Antonio where they will visit their daughter, Riste May and husband Chief Warrant Officer, W. L. Higgins; their granddaughter Carol (Mrs. William) Stouder and probably most important, their first great-grandchild, little Michael Stouder. Michael was born in Valdez, Alaska, shortly before the disastrous earthquake, and although their trailer home was wrecked, they luckily escaped injury.

## About our sick friends

Get well wishes go to Charlie Richard who had major surgery in Gulfport Memorial on Monday and to Mrs. Alice Buckley who was rushed to Hancock General on the same day. If all goes as planned Thelma Landry will be home before we go to press. She was found to be suffering from a mineral deficiency and is feeling very much better now.

Frances (Mrs. Tony) Compretta vows she was the happiest mamma in town last Wednesday night when son Donald arrived home with his Army discharge from Fort Sam Houston in San Antonio, Texas. We'll bet Donald's pretty fiancée, Sandra Seuzeneau, is all smiles too!

We must ask Joe Buccola what brand of vitamin pills he takes—he was actually skipping down Coleman Avenue Monday afternoon. . . and we can vouch for the fact that he had imbibed nothing stronger than a coke!

## Money In The Bank

The progress being made in reforestation in our Gulf Coast country, and the expanding use of wood pulp products seem almost unbelievable to old-timers who thought the lumber industry had passed with the cutting of our virgin pines.

Our particular area is now growing trees faster than they are being consumed, and the magic of chemistry is converting their by-products into an increasing number of practical uses to enrich our economy. The chemists have performed miracles with cellulose. Fatty acids are being diverted into the manufacture of detergents, soaps, varnishes and disinfectants. Resins extracted in the processing of wood pulp are being used as emulsifiers and in the fabrication of rubber tires, water resistant papers such as milk cartons and in printing inks.

There is no longer any waste in the industry. Packing houses boast that they salvage everything from the pig except the squeal - wood processors even save the bark.

Mississippi now has 384 wood-using establishments in operation, including 290 sawmills, 7 wood pulp mills, 20 veneer factories, 30 wood-preserving plants and 37

manufacturers of miscellaneous products. A mill is being built at Roxie, Miss., to mass produce 2 x 4 studs from compressed pulp wood. Growing, manufacturing and distribution provide jobs for more than 90,000 workers and is responsible for one-fourth the total economy of the state.

Wood, man's great essential, once employed primarily for fuel, fences, furniture, houses, barns, wagons, plows and coffins, has hundreds of uses not dreamed of even a generation ago.

Certainly, wood is the number one crop in our Gulf Coast Counties. Unlike other natural resources that are exhausted, trees are eternal. They can be harvested over and over. Soil, sunshine and rainfall combine to make this one of the best tree growing areas in the whole world. No other crop produces such dividends.

Growing trees which reproduce themselves is like having money in the bank, paying compound interest. Mississippi's tree farmers have shown great wisdom and foresight in their increasing interest in reforestation and the multiplying uses of wood. You can do your part too. Protect our forests. Prevent wood fires.

## Rocks topple Biloxi

Revenge was sweet for St. Stanislaus. College basketball team as they repeatedly routed Biloxi 3-2 here Saturday afternoon after reflecting a 11-5 loss Friday when they entertained Gulfport.

The win over Biloxi was only the second victory enjoyed by the Rocks this season. Their earlier one was over Bay High. In dumping the Indians the Rocks reversed the score of last Thursday's unsuccessful encounter with the same outfit.

With Curtis Matherne on the second Saturday, the Rocks gave up eight hits to nine by Jim Howard, losing pitcher for

Biloxi. Both teams scored runs in the first and the third innings but the Rocks withstood a strong thrust from the Indians in the seventh before scoring their winning run in the bottom of the final ninth inning.

Three singles in the first accounted for the Rocks' first run. The second tally came on an error and a single in the third. In the sixth Jim Dedmon, who was three for four at bat for the day led off with a single, was sacrificed to second by Doc Rhodes and scored on a single by Phil Warner for the win.

In the seventh Biloxi man-

aged to get men on second and third before being struck out for their best try of the afternoon.

Basilio Dedmon, Ray Chischo and Dusty Rhodes were both 3-4 for the afternoon.

Kidde Beasbury pitched for SSC against Gulfport, giving up 10 hits while his team got 11. Chischo was 3-3 while Dusty and Doc Rhodes were both 2-3. Fred Abrell was the winning hurler.

Stanislaus scored its first run in the first inning and added four in the third but that was it. In the third Beasbury doubled, Chischo doubled, after one out Dusty doubled and after another out Doc doubled. Then after an error George Anderson singled sending Doc home.

## Postpone tourney, Reinike withdraws

Annual pre-season tournament of the Bay St. Louis men's softball league, originally set for this Sunday, May 17, to avoid the conflict with Mother's Day, at a league meeting Monday night.

Schedule for season play, starting May 25, is being prepared this week after teams drew numbers at the meeting.

Reinike's Dirt Diggers, always a strong title contender, withdrew from the league and the eighth team now will be supplied by a youth group from Our Lady of the Gulf Parish. Rev. Michael Kelly, manager and league secretary, told officials.

**SPOTLIGHTING MISSISSIPPI'S PROGRESS**

We're proud of the area we serve. And we say so in our 1963 Annual Report.

In a six-page spotlight devoted to the growth and progress of our state and of the 25 Southeast Mississippi counties in which we serve—we call attention to the many factors which make Mississippi a good place to live and work.

And these are the factors: balance between industry and agriculture; community development programs; expansion of educational and medical facilities and an abundance of recreational facilities.

Since 1925, we have grown with Mississippi; we're proud of our state and the people; and we want the world to know it.

## Logtown down to 10 families as end approaches

From the Picasune ITEM  
Logtown, which had 50 happy families a year ago and around 1500 to 2,000 residents a generation or two ago, now has dwindled to ten families, all of whom have moving problems, and none of whom are very happy.

The town is about to dry up into a ghost town now as most of the houses which once graced the main street now are gone, moved or been torn down. The Methodist Church still is being used for regular services, and will until the end, but the Baptist Church and the Masonic Hall have been closed and are going.

The Roy Baxter family, Austin Baxter, Mrs. A. C. Marshall, the Jopes Family, the Dunaway Family, the Arnold Otis Family, Mrs. Lollie Wright, Mrs. Pauline Weston and Mrs. Elliot Casonova, Sr., are the last of the Logtown residents, and they have been advised they must be gone by October 31.

Roy Baxter still has not settled with the Corps of Engineers for his Marina and rental properties at the foot of the street and the river, and plans to operate there all summer. Next winter he will move the Marina to Pearlington where a number of families already have gone, and a few others intend to settle.

The Logtown School still is operating, but will close for good next month and be reopened in Pearlington whenever the new structures can be built.

Mrs. Weston and Mrs. Casonova, both well up in their 90's, have made Logtown their home for most of their lives, as have some of the others. Mrs. Wright was the postmistress at Logtown for 37 years until the little post office was closed last September 30, and the mail moved to Pearlington for distribution. The deserted little building still sits where it did, awaiting oblivion or establishment as a museum piece. The last store left last week when the Summer Grocery was moved to Pearlington.

### AS LOGTOWN ENDS -

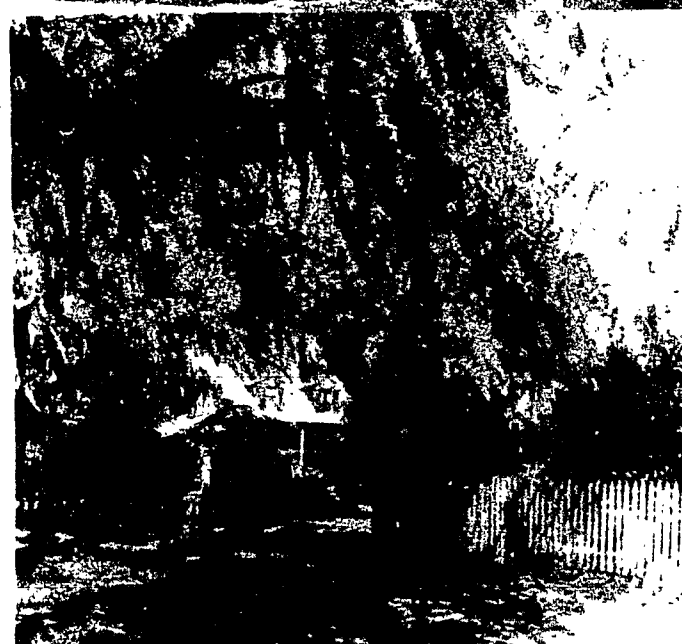

Scenes of last days of Logtown, soon to be gone as Mississippi Test Operations' buffer zone takes over, include, top left, Summers' Grocery, now moved to new location in Pearlington; top right, Roy Baxter home still standing; middle left, handsome moss-draped oaks frame entrance to Lamar Otis home; right, remains of Mrs. Mary Katherine Wyman's home after it is salvaged; bottom left, typical scene of ruins of what was once a home, and right, William Koch home is dismantled.

### Smith takes part in Stuttgart duty

Army Pfc. George A. Smith, son of Mrs. Ruth T. Smith, Picasune, is participating in Exercise SPRINGBOARD, a two-week command post training exercise with the 7th U. S. Army at Stuttgart, Germany, ending April 30.

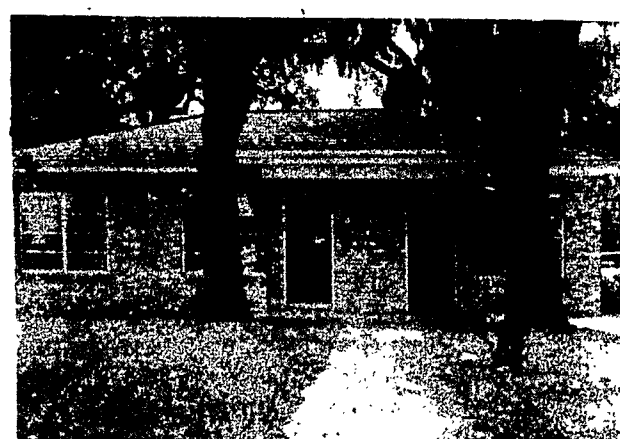

A radio operator in Co. C, 16th Signal Battalion near Butzbach, he entered the Army in August 1962; completed basic training at Fort Polk, La., was last stationed at Fort Gordon, Ga., and arrived overseas in February 1963.

The 19-year-old soldier attended George Washington High School.
